From: David Aranda, General Manager and
Brad Burris, Chief of Police
Subject: Information Electronically

We are asking all residents to do two things in order to stay informed of important happenings in the community of Stallion Springs.

By filling out the attached form, the District will be able to send you The Bridge, the District's newsletter, electronically. Effective May 2010, The Bridge will only be produced electronically.

The other point of action we are asking of you is to go to www.nixle.com and register to receive e-mails, text messages and phone messages regarding emergencies or other highly important events that need to be communicated immediately. See reverse side of this page.

The Stallion Springs Police Department and the Community Services District has signed up with Nixle, **free of charge**, and will have the capability to produce important messages through Nixle, but the messages will only be received by those residents who register.

Any questions in regard to these two important requests can be directed to the General Manager or the Police Chief. Thank you for your cooperation.
