On 12/22/2021 at approximately 1:50 pm, Officers attempted to stop several subjects riding all-terrain vehicles for vehicle code violations. As officers attempted to stop the subjects, they sped away, engaging officers in a vehicle pursuit throughout the Stallion Springs Community Services District. Officers asked for air support and were granted the request by the Kern County Sheriff's Office. One subject was stopped by officers and was arrested.

Due to safety concerns, officers terminated the pursuit but continued trailing with Air-support providing updates on the rider's location until its termination points approximately seven miles west on the dirt extension of Comanche Point Road. The vehicle became disabled due to the impact with a fixed metal gate that the rider rammed earlier in the pursuit.

During the investigation, officer found that one of the vehicles was stolen and one subject was in possession of a firearm. Both subjects, 22-year-old male and a 20-year-old male, were booked on multiple felony charges which include felony evading, felon in possession of a firearm and grand theft of an automobile. Both subjects are convicted felons on active felony probation.

The police department would like to thank the Kern County Sheriff's Office and the Bear Valley Police Department for their assistance with the safe resolution of this incident.

Officers located a 17-year-old missing juvenile in the wilderness. The juvenile was exposed to the wilderness for several hours but was found safe and returned to his family. Kern County Sheriff's Office provided air support during the search.

A local business worker flagged down an officer and reported a petty theft which had just occurred at the place of business. Officer conducted traffic stop on the vehicle for vehicle code violations and during the stop officers found stolen property and drug paraphernalia. The driver was arrested for driving with a suspended license, possession of stolen property and having an active felony warrant. The female passenger was arrested for possession of stolen property and drug paraphernalia but was released with a citation.

Officers conducted a probation search at a residence and found a large amount of concentrated marijuana also known as "honey oil, heroin, methamphetamine and counterfeit currency inside. The 53-year-old male was arrested for drug sales and other felony charges.

A probation search led to the arrest of a 35-year-old male for possession of dangerous weapons and possession of a controlled substance (methamphetamine). Additionally, a 39-year-old female was arrested for several active felony warrants.

An off-duty officer reported a reckless driver on Banducci Road. Officers located the vehicle in the 27800 block of Stallion Springs Drive. Officer made contact with the 32-year-old male driver and determined that he showed objective symptoms of being impaired. The driver was subsequently arrested for driving under the influence, reckless driving, and possession of a controlled substances (methamphetamine and counterfeit drug pills).

With the assistance of the California Department of Corrections and Rehabilitation, Kern County Sheriff's Office, Woodward West and the community we successfully had the Jamison Center Christmas Event. Additionally, officers participated in the Shop with a Cop Event in the City of Tehachapi.

As we end this year 2021, I would like to take the time to say thank you to the community for your ongoing support and to our hardworking SSCSD staff. I am very proud of all of our officers and the great work they do, day in and day out. I am so fortunate to work alongside our highly devoted team and I am pleased to recognize them for all their sacrifices and hard work, and know that all that they do does not go unappreciated or unnoticed.

## AGENDA SUPPORTING INFORMATION

### Agenda #8

- Submitted by: Vanessa Stevens, General Manager
- Meeting Date: January 18, 2022

## AGENDA SUPPORTING INFORMATION

### Agenda#11

Subject: Approval of Resolution No. 2022-01, a Resolution of the Board of Directors to increase tiered water usage rates effective with the April 2022 water billing.

Submitted by: Vanessa Stevens, General Manager

Meeting Date: January 18, 2022

Background: In 2017 the District hired an engineer to go through the legal process of determining water rates based on expenses and capital costs and to meet the Proposition 218 legal requirements which involved a notice to all water users, the ability for those users to protest, a public hearing and the approval of the board of directors if the protest was not over 50%.

When this was accomplished, it dramatically changed the revenue stream for Stallion Springs CSD from water sales to a fixed bi-monthly charge that would see that the district received the needed amount of revenue regardless of drought conditions.

Prior to this Proposition 218 study, the District was heavily reliant on water use to obtain water revenue and the drought years in the 2010-2015 years impacted that dollar amount significantly.

In addition to the day-to-day expenses for water operations the District has had to expend additional money on capital improvements regarding water production and distribution.

The Proposition 218 process allows water rate increases for a certain number of years. After those years have passed another Proposition 218 rate study must be done for future rate increases.

The fiscal year the district is currently in (2022) will end the current Proposition 218 rate study and increases without additional studies being done.

Historically, the District's Board of Directors approved the initial rate increase as outlined by the engineer from the Proposition 218 study and another rate increase was approved for fiscal year 2019/2020. The recommendation being made with the ASI and Resolution is to increase the WATER USAGE CHARGES TO \$3.75 per HCF for up to 20 HCF and \$5.20 per HCF for anything above that 20 HCF. We are NOT recommending an increase in the service charges.

The reasoning behind this recommendation is as follows:

- Reduce the fiscal impact on residents by not increasing service charges.
- Additional revenue by increasing the water usage.
- Offset loss of water sales by conservation measures utilized by residents as it appears we are in the midst of another drought.

The more water use, a resident chooses to use, the more the costs will be.

The costs of a resident's bill can be expected to increase:

- \$8.00 per year for a low water user
- \$60.00 per year for medium water users.
- \$200.00 per year for a heavy water user.

It should be noted that for this fiscal year the water department is budgeted to lose \$286,000.00.

This proposal and recommended increase could potentially raise an additional \$50,000.00 per year in water sales with the ongoing drought and pressure for all to conserve water. The reality of this increase would possibly result in \$20,000 - \$30,000 increased water sales.

Recommendation: Approval of Resolution No. 2022-01, a Resolution of the Board of Directors to increase tiered water usage rates effective with the April 2022 water billing.

**BEFORE THE BOARD OF DIRECTORS OF  
STALLION SPRINGS COMMUNITY SERVICES DISTRICT**
