General Manager's Report for February 22, 2017 - March 21, 2017

Submitted By: Jon Curry

It has been a very busy first few weeks since I started at Stallion Springs. I have spent some time with our Staff and Volunteers so that I can understand everyone's roles, responsibilities and departmental functions. The Staff, Volunteers and Residents have all been very welcoming and this has been time well spent for me as the new General Manager.

This is not to say that these meetings did not produce some concerns/complaints. But what the valuable part for me was that it gave me some history and insight into the operations, facilities and amenities that the Residents in Stallion Springs have enjoyed in the past and expect moving forward.

After some project meetings with Staff, project lists have started to develop and action plans are starting to be put in place. For example, at Man O' War Park:

- Landscaping clean-up has begun and with irrigation control and assessment work has begun.
- New signage has been placed
- Clean up work around the horseshoe pits has been started.
- Layout for two pickle ball courts has been done and nets/paddles/balls have been ordered.
- Two new chain nets ordered for the basketball court

I would also like to pass along a job well done to both the Public Works and Police Department Staffs regarding their efforts during the February storms that hit Stallion Springs. Staff spent a lot of time and effort keeping the drainage flowing and the roads as clear and safe as possible.

The Admin Staff has also been great in getting me up to speed on the day-to-day operations of the front office, agenda formatting and budget. Also in regards to some of the residents wants/needs out here in Stallion Springs.

Also, I would like to mention the transition of the GM position has gone very smoothly so far and this has been due, in large part, to David Aranda.

Some other points of interest:

- 1. I received notice from Kern County OES that the State has issued proclamations for State of Emergency for the January and February storm events that affected the Kern Operational Area. An estimate has been submitted for the damage that occurred on St. Andrews. Currently we are awaiting a Federal Declaration, which would affect the local cost share percentage. Once the State and/or Federal agencies move forward with funding particular areas, we will be notified by Kern County OES.
- 2. Parks and Rec Aids have been hired (2).
- 3. I have logged, organized and have been following up on a number of complaints and requests from residents.

4. The effluent meter at the WWTP failed and is un-repairable, a rental meter is in place and a new replacement meter has been ordered. Also, I have been reviewing Title 22 and 23 as it pertains to filtration and other requirements so that we can begin some pre-engineering work to identify a viable project and move towards getting our WWTP Project funded.

Respectfully submitted,

Jon Curry General Manager
